

Jeff Beattie has been employed by the Ohio EPA since 1989 as an Environmental Supervisor overseeing the Right-to-Know (RTK) Program. In 2001/02, the agency transferred the RTK Program to the Division of Air Pollution Control where Jeff assumed additional supervisory responsibilities for the Toxic Release Inventory (TRI) and the Risk Management Program (RMP). Prior to coming to the Ohio EPA, Jeff was a Registered Sanitarian with the City of Columbus Health Department, Environmental Division for four (4) years. Jeff graduated from the Ohio State University with a Bachelors of Science Degree in Microbiology in 1985 and received a Masters of Science in Administration Degree from the Central Michigan University in 1988.
